

Rayburn Tours Ltd

As part of a dynamic creative team, I assisted in driving, developing, and improving the business's design needs. Mentored by the Senior Graphic Designer, I enjoyed soaking up my team's experience and increasing my knowledge of the Adobe Creative Suite.

Rolls Royce Logo

Rolls Royce visited many colleges and universities, setting a competition to design a logo for one of their future company's. I was humbled and slightly overwhelmed to have my design chosen as the winner. I then met with the team and exchanged countless emails for months tweaking and experimenting with the design. This experience taught me so much for the future

My dad interviewed entrepreneur Gary Vaynerchuk for the second time in 2019 and asked if I could edit the video, I made an intro, removed any stumbles and colour corrected the provided clip
